Respect Life National News: The U.S. House of Representatives on October 17th passed H.R. 36, the Pain-Capable Unborn Child Protection Act— which now goes to the Senate—and President Donald Trump promises to sign the bill if it reaches his desk. “For little babies to feel the crushing agony of the abortionists’ tools as they undergo ‘dismemberment abortion’ in the land of the free and the home of the brave is a disgrace that defies human expression.” (Rep. Trent Franks, R-AZ bill’s author).
