

# Being a Good Steward

Jesus tells the story of a steward who looked after a rich man's wealth. When he was about to lose his job, he quickly made friends by letting the rich man's debtors pay less than what they owed. Then when he couldn't work anymore these friends would look after him.

What Jesus is telling us through this parable is that we should use the money and things we have on earth to make friends with God and the saints so that they will be happy to take us into Heaven when we die and have nothing left.

How can you make friends with God using your money? First of all, God wants us to be good stewards. That means spending money when it is good or necessary, and not foolishly.

We can also please God by giving money to the Church and the poor. He wants us to show that we can do well looking after small things like money so that He can trust us with bigger jobs.
